

## Карта содержания органического вещества в почве

Заказчик: КХ Вахитов  
Населенный пункт: Сарканд  
Поле: 13, кад. номер: 03263032308  
Площадь: 108  
Лаборатория: TOO "CemEX Engineering"

The screenshot shows a web application interface. At the top, there's a header with a logo and the URL `/var/www/vhosts/cemexlab.kz/httpdocs/`. Below the header, a large white box displays the exception message: **ErrorException**  
**Attempt to read property "humus" on null**  
Below this, a URL is shown: <https://cemexlab.kz/show-cartogram/78/humus>.

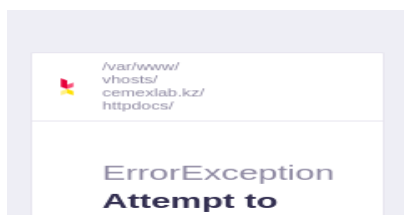

Below the exception message, there's a dark blue navigation bar with tabs: **Stack trace**, Request, App, User, Context, Debug, and Share. The **Stack trace** tab is active, showing a list of frames. The first frame is highlighted in purple and shows the file `app/Http/Controllers/HomeController.php` at line 749. The second frame is also highlighted in purple and shows the file `app/Http/Controllers/HomeController.php` at line 749. The third frame is highlighted in purple and shows the file `public/index.php` at line 52. The fourth frame is highlighted in purple and shows the file `public/index.php` at line 52.

Below the stack trace, there's a code editor showing the PHP code at line 749 of `app/Http/Controllers/HomeController.php`. The code is as follows:

```
Illuminate\Foundation\Bootstrap\HandleExceptions::handleError
app/Http/Controllers/HomeController.php:749

    'mn' => [],
    'zn' => [],
    'cu' => [],
    'na' => [],
    'calcium' => [],
    'magnesium' => [],
];

$list = $cartogram->field->polygon
// dd($list->toArray());
```

Количество образцов: 4  
Дата проведения АХО: 2020-02-20
